ANIMAL PENS & CONFINEMENT AREAS

Manure management and complete sanitization in your animal pens and containment areas are struggles we know you deal with on a daily basis.

Use an HDS 3.9/20 Ea hot water pressure washer to disinfect floors, walls, pens, holding areas, and stalls. With an all metal frame, and heavy-duty vertical heating coil, you'll be able to clean faster than ever. Kärcher's HD 4.5/32-4S Ed cold water pressure washer is designed for use in areas where dirt accumulates every day. It is easy to maneuver and is reliable for continuous all-day use.

Our NT 65/2 wet/dry vacuum is easy to operate and is built tough for your professional needs. It even features a self-cleaning filter and 17.2 gallon container capacity. The BD 50/50 C Classic Bp scrubber is economically designed and can take on large jobs. With three cleaning modes, it makes it simple for any operator to get the job done right.

DAIRY MILKING PARLOR

With some farms handling round the clock milking, the parlor is a tough area to keep clean. When sanitary conditions result in quality milk, use pressure washers and disinfectants you can trust - use Kärcher.

Vital Oxide is used to disinfect and sanitize all areas traversed by animals, and kills 99.999% of bacteria. It can be applied directly, requires no rinse and is safe for humans and animals. Use our Building Interior/Exterior Cleaner through a pressure washer to clean floors and equipment between milking.

Kärcher's HDS-E 3.3/25 4M Ec electric hot water pressure washer is ideal to use indoors. You can quickly disinfect equipment, floors, and walls between milking. Clean fatigue-free with the EASY!Force trigger gun. The HDS 3.5/20 Ea Cage hot water pressure washer also features a rugged designed ideal for dairies.

CALF SHEDS & HUTS

Sanitizing and disinfecting calf sheds during rotation is imperative to the wellbeing of your herd. Kärcher offers pressure washers and disinfectant that can help you quickly turn sheds, all while keeping calves healthy.

Vital Oxide is an EPA registered disinfectant cleaner which can be used to prevent the spread of bacteria in calf barns and feeders. Use a gas powered hot water pressure washer like the HDS 3.5/30 P Cage to clean with up to 3500 PSI. This compact unit was designed to be tough, for use on farms of any size.

With mobile cleanings solutions like the truck or ATV mounted HD Series Gas Skid pressure washer, or the TRK-2500 trailer pressure washer, you can clean huts and sheds in the field or near the barn. Each is equipped with it's own water tank so you're not tethered to a garden hose.

VEHICLES & FARM EQUIPMENT

Cross contamination between fields is a liability, and can be managed by regular cleaning. Use our portable pressure washers and detergents to keep your vehicles, tractors, and equipment free of contaminants.

Kärcher's Heavy Equipment Detergent is an effective, safe detergent that can be used on any surface. It is excellent as a pre-spray for softening and breaking up dried on debris like mud, bugs, greasy film, diesel fuel, and lubricants. Our HDS 4.8/30 Ea St Ng stationary hot water pressure washer delivers up to 4.8 GPM at 3000 PSI.

The HDS 3.5/20 Ea Cage hot water pressure washer is designed for use at a farm where electricity is available. It uses up to 2000 PSI and features flat free tires while the HD 4.0/40 cold water pressure washer is corrosion resistant and lightweight and can be used as a cart or a skid for maximum cleaning versatility.

BARN, OUTBUILDINGS & OFFICES

Keeping barns and outbuildings clean is not your first priority come harvest time. With Kärcher's equipment solutions you can scrub floors, strip paint, and sweep up debris quickly and efficiently.

Sweep your barn floors and outbuildings with ease using the KM 70/20 walk-behind sweeper. The main roller brush is driven by both wheels, so that it sweeps the same turning left or right. Kärcher's BD 30/4 C Bp is perfect for scrubbing congested and high traffic areas like hallways, bathrooms, and small shops.

Our NT 40/1 Tact wet/dry vacuum was designed for industrial use. It is easy to maneuver and includes a self-cleaning filter and a crush resistant hose, so you can get the job done. Kärcher's cold water gas powered HD 3.7/35 PB Cage pressure washer cleans up to 3500 PSI, and when you add a sandblast accessory, you can strip paint from surfaces faster than weeds grow.
