Pressure Washers & Steamers Sales and Service

BE IDEALLY EQUIPPED FOR THE TOUGHEST JOBS

Innovative and efficient cleaning solutions for construction

KEEP YOUR SITE CLEAN AND YOUR WORKERS SAFE.

Construction sites are held to higher cleaning standards and regulations. Reliable and effective machines are essential when it comes to removing the various types of dirt found in the construction industry. Whether for vehicles, machines, facades, or floor cleaning, you are always ideally equipped. After a hard day's work, cleaning should be effortless.

EXCAVATION & SITE DEVELOPMENT

Cleaning heavy equipment can be a dirty job. To comply with OSHA regulations, we make it easy to clean vehicles entering and exiting the job site, as well as all other heavy equipment.

The HD 4.0/50 Pe B Cage cold water pressure washer is extra rugged and powerful. Easily clean equipment, trucks, and trailers at up to 5000 PSI. Use the TRK-2500 HDS 4.7/35 pressure washer trailer package to clean concrete forms as well as vehicles and machines far from a water source.

Kärcher's Heavy Equipment Detergent is an effective and safe detergent that can be used on any surface. It is excellent as a pre-spray for softening and breaking up caked-on soils like mud, greasy film, diesel fuel, and lubricants. Use a HDS 3.5/35 Pe Cage hot water pressure washer to clean equipment at up to 3500 PSI.

BUILDINGS & STRUCTURES

Cleaning windows, removing dust, metal polishing, prep for painting, and washing debris from cement mixers and scaffolding require an assortment of cleaning tools. Kärcher can help you clean faster and more efficiently - until the job is done.

Concrete Cleaner is formulated to clean stone and concrete surfaces and is effective in removing oil, grease, baked-on carbon, tar and asphalt from unfinished concrete floors, walls and grout. The corrosion-resistant HD 4.0/40 GB cold water pressure washer can be used as a cart or a skid for maximum versatility and durability.

Kärcher's KM 105/110 R Bp ride-on sweeper is extremely maneuverable, allowing you to quickly remove dirt and debris from large areas. The powerful NT 50/1 has standard HEPA filtration and is fully compliant for silica and dust mitigation.

ROAD CONSTRUCTION

Our lineup of detergents and degreasers, pressure washers, and industrial sweepers can take on the demands of road construction and maintenance.

Kärcher's Heavy Duty Brown Detergent is an aggressive detergent used to clean machinery and equipment to remove oil, light grease, sand, mud, and road film. The KM 130/300 R Bp industrial sweeper is suitable for extreme cleaning jobs, perfect for cleaning up fine dust and coarse dirt. The main roller brush can be changed without tools and the machine is easy to operate.

Use the cold water HD 3.0/27 G pressure washer to remove excess concrete from forms and rinse off paving equipment. It is easy to maneuver and can be utilized as a cart or a skid. The HDS 4.7/35 Pe Cage hot water pressure washer is known as the industrial workhorse. You can easily remove concrete, asphalt and road debris from equipment and vehicles.

DEMOLITION

Customized project solutions are your specialty. Rugged and dependable cleaning equipment is ours. Together we can make demolition easier and safer.

The HD 18/50-4 Cage Advanced mobile high pressure cleaner can clean forms and scaffolding, vehicles, and construction machines. The automatic pressure relief valve provides easy and convenient handling, building pressure up slowly when pulling the trigger gun, preventing any sudden jolts for the user. This machine has 4 rugged wheels, a crane hook for transporting over rough terrain, and can be moved into position using a forklift.

The HDS 5.6/35 DE Cage hot water pressure washer can deliver up to 5.6 gallons of water per minute at 3500 PSI. Keep dust down with this heavy-duty skid, perfect for mounting in a truck or on a trailer. These machines are used in today's most rugged and demanding environments.
